From CEO's Desk

I am very much delighted to contribute to GCSMCH&RC newsletter as CEO of the organization. I have joined the Gujarat Cancer Society sometime back in Jan'21 and I am highly impressed by the simplicity and service orientation of doctors and staff of the organization. We have achieved a lot during the period which includes hard work done by our covid team in second wave. I wholeheartedly thank our doctors, nurses, technicians and attendants who have spent hours together in PPE kits looking after patients.

I must congratulate team Anesthesia and team Dermatology on publications of books, 'Essentials of Covid for anesthesiologists' and "Twacha". During this period, our superspecialists have done some unique work in terms of nose reconstruction, rotablation, PAMI for the first time in our hospital. We could operationalize the oxygen generation plant donated by Adani foundation due to efforts of our Chairman, which is going to be useful for the third wave if it comes. We have been able to train 15 medical officers of DRDO-Gujarat Unit COVID hospital in ICU care, being a COVID designated hospital. We will continue to encourage team effort inpatient care. Best wishes for the future.

Col Dr. Sunilkumar Rao
CEO - Gujarat Cancer Society

From Chief Editor's Desk

Welcome to the 35th edition of the Newsletter. We have been fighting together against COVID for almost 2 years and treated more than 7000+ COVID patients till date. All kudos to our hard-working team and how we can forget the heart of the team - Nurses. To celebrate them, This Nurses' Day we had organized Antakshari, Garba, Pranayama, and Yoga in the COVID wards to encourage the nurses as well as to relieve some stress of COVID patients. We have launched the Cosmetic Dermatology & Dental clinic to provide the best-individualized treatments for skin, hair & dental problems.

You can read about various other achievements, activities & updates from around the organization in this 35th issue of the GCSMCH Newsletter.

Happy reading!

Ms. Neha Lal
Sr. GM - Operations & HR

From Director's Desk

GCS Hospital was at the frontline in this fight against CoVID19 while our medical teams – doctors, nurses, technicians and support staff – worked around the clock to ensure that patients are safe and cared during this outbreak. I congratulate the entire team of COVID Management who have been at the frontline, for their brilliant performance during the second wave and saving so many lives.

I am proud to have hardworking family of GCSMCH&RC, that is serving people 24x7. We have served more than 7000+ COVID patients and we'll keep serving mankind.

Many best wishes to all for future.

Dr. Kirtibhai M. Patel
Director

From Dean's Desk

The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of education. This is what motivates us to go through the continuous process of improvement & hence we at GCSMCH & RC work at implementing a system to impart satisfactory healthcare services to the community, truly be prepared to face life challenges.

During this COVID-19 Pandemic Period, we had provided the utmost care to patients tirelessly. Doctors will have to keep the hunger for medical knowledge, updating their skills, and pass on the medical knowledge to society for the prevention of disease and for a better and healthy society. Even as we impart education to match the advancement in technology and globalization we march our colleagues ahead with the ethos of moral values and principles. We endeavour constantly to install these qualities in our faculties. We pride ourselves to help them grow and develop into a sensitive and responsible citizen of the coming generation. Committed, caring and supportive management and dedicated teachers blend harmony to create a worthy Institution.

Teamwork is the hallmark of GCS. I am very sure through collaborative efforts we can achieve more to benefit our residents & doctors who are the future leaders of tomorrow.

Adani Foundation Donates Oxygen Generation Plant to GCS Hospital

To fight COVID-19, Adani Foundation has come forward to help by donating an Oxygen Generation Plant to GCS Hospital. This plant produces around 500-liter oxygen per minute, equivalent to 100 jumbo cylinders per day. Oxygen is a key need for treatment in Critical COVID-19 as well as patients of other critical conditions. The plant installation inauguration ceremony was held at GCS Hospital on 26 June'21 in the presence of Shri. Kshitish Madanmohan (Trustee & Vice President), Mr. Prodyut Maji (Adani Group) and the Management Team of GCS Hospital.

Courtesy Meeting with dignitaries

Col Dr. Sunilkumar Rao (CEO), Dr. Kirtibhai Patel, & Dr. Yogendra Modi (Dean) visited AMC Commissioner - Shri Mukeshkumar regarding cooperation between AMC and GCSMCH&RC for the healthcare partnership for social cause of fighting against COVID Pandemic.

Dr. Kirtibhai Patel (Director) & Dr. Yogendra Modi (Dean) visited Hon. Deputy Chief Minister Shri Nitinbhai Patel at Gandhinagar to discuss about healthcare services.

Launch of Cosmetic Dermatology & Dental Clinic

GCS Hospital has launched Cosmetic Dermatology & Dental clinic on 21 May'21 for providing the best individualized treatments for skin & hair problems and a solution for all cosmetic and general dental needs. This includes procedures like permanent hair reduction, laser treatment, tattoo removal, chemical peeling, hair fall/loss treatment, teeth cleaning, braces, dentures, composite feeling and all types of dermatology & dental treatment.

GCS Hospital Celebrates International Nurses Day with COVID patients

The International Nurses Day is celebrated every year on 12th May to commemorate Florence Nightingale on her birthday. GCS Hospital's Nurses celebrated this Day with the COVID patients. Antakshari, Garba, Pranayama, and Yoga were organized in the COVID wards to encourage the Nurses as well as to help the COVID patients stay stress-free. The patients also participated along with the nurses in these celebrations. Patients also thanked the nurses for their compassionate service as nurses takes care of the COVID patients like a relative when there are no relatives around or beside the patient. More than 285 nurses at GCS Hospital have performed their duties in COVID Wards, where more than 7000 COVID patients were treated successfully.

World Autism Awareness Day celebration

World Autism Awareness Day is an internationally recognized day on 2nd April every year, Nations to take measures to raise awareness about people with autistic spectrum disorders including autism and Asperger syndrome throughout the world. On this occasion general awareness video was done by Dr. Prarthana Kharod Patel (Associate Professor, Department of Pediatrics) and a poster competition was organized for the nursing staff members of GCS Hospital to create awareness.

World Autism Awareness Day Poster competition for the Nursing Team of GCS hospital

Celebration of World Blood Donor Day

The World Blood Donor Day is celebrated on 14th June every year to create awareness about blood donation. As part of the celebration, GCS hospital has organized blood donation camps at Naroda and GCS In house camp. Around 55 people took part in this initiative and donated blood. The world Blood Donor Day slogan was “Give blood and keep the world beating”. The message highlights the essential contribution blood donors make to keeping the world pulsating by saving lives and improving others' health. It reinforces the global call for more people all over the world to donate blood regularly and contribute to better health.

Retirement felicitation

Dr. Indu Chaddha (Prof. Anesthesiology) was felicitated on her retirement. Due to such times we couldn't organize a function with all of us. Her knowledge, and experience will be missed by one and all. Upon requested, she extended 2 important messages for all. 1) Post-retirement, one should revive a hobby which could not be touched during work-life. 2) A woman

must always take at least 20 minutes of time for herself from her daily routine, which will just be Me time to explore & revive herself. We truly wish her to have nothing but happiness & good health in her retirement years.

CLINICAL CASES

Anaesthesia Pheochromocytoma Resection Case

A pheochromocytoma resection is a challenge for an anaesthesiologist as it is associated with wide hemodynamic fluctuation peri-operatively. A 29-year-old male patient was posted for bilateral Adrenalectomy surgery. Pre-Operatively, the patient was on tablet phenoxybenzamine and tablet metoprolol for one month. On the operation table, the patient appeared with hypertensive crisis with blood pressure 250/150 mm of hg, optimized with Injection labetalol 20 mg IV slowly. For beat to beat blood pressure monitoring, an arterial line was placed and general anaesthesia was administered along with CVP line and epidural catheter. Intraoperative hemodynamics was immensely stable even during manipulation of adrenal mass. None of vasopressor or hypotensive agent support was needed during the entire surgical course. After the completion of the procedure, the patient was extubated safely. The patient was discharged after good post-operative care. Anaesthetic management done by Dr. Dhara Shah, Dr. Heena Chhanwal, Dr. Sejal Parmar, Dr. Sanjay and team. Thanks to Dr. Jaimish Gajjar and the Surgery Unit - 3 team.

Patient with rare nose cancer operated at GCS Hospital

GCS Hospital's Dr. Pramod Menon (Consultant- Plastic, Cosmetic & Reconstructive Surgeon) and Dr. Aditya Joshipura (Consultant- Onco Surgery) performed Head & Neck surgery of a patient. The patient came at hospital with cancer of the nose with swellings in the neck. He was taking treatment for ulcer on nose since 2 years and was later diagnosed as squamous cell carcinoma of nose (rare cancer of nose). He was advised surgery in which nearly whole of his nose was to be removed along with removal of neck swellings (lymphnodes). This was to be followed with reconstruction of the nose. For this complex surgery two of our consultants collaborated. Dr. Aditya Joshipura (Consultant-

Dr. Pramod Menon

Dr. Aditya Joshipura

Onco Surgery) removed the nose along with the cancer and neck nodes. The completion of cancer removal was confirmed by frozen section. The nose was reconstructed by Dr. Pramod Menon (Consultant- Plastic, Cosmetic & Reconstructive Surgeon). Who used bone from hip to form a frame work and flap from the forearm to make the nose. The blood vessels were joined in the neck. Patient was managed in ICU for 2 days days where Intensivist Dr. Shivang Patel & Dr. Vidhi Patel took good care of him and later shifted to ward n discharged healthily on 8th day of admission. GCS Hospital has all Super speciality & General Speciality Services with Complex to Minor surgery assistance.

Fire & Safety Training & Mock Drill

Various training sessions have been organized for employees & outsource personnel on fire & safety, a code policy for spreading awareness & providing education on the importance of these subjects. For better understanding of the topic, the presentation & demonstration was prepared and delivered in the Gujarati language. The motto behind having such training is to train the employees to utilize their maximum services at the emergency time.

Spontaneous reporting of ADRs is back bone of safe medicine.

Following Important ADRs were reported recently to Pharmacovigilance Committee of GCSMC.

Compilation: Dr. R. K. Dikshit, Dr. Nayan Patel

S. N.	Causal Medicine	Indication for Use	Adverse Reaction (Reporting Department)
1	Paclitaxel	Cancer – buccal mucosa	Difficulty in breathing (Oncology)
2	Docetaxel	Cancer breast	Itching, redness all over the body, dryness of mouth (Oncology)
3	MVI	Colitis	Redness, Itching all over the body, vomiting (Surgery)
4	Vancomycin	Pseudomembraneous colitis	Yellowish discoloration of sclera & skin. Abdominal pain (Medicine)
5	Rituximab	Ac CV Stroke	tongue swelling, breathlessness (Medicine)

To report an ADR please contact **Dr. Vipul Chaudhari** (9825444336), **Dr. Sumit Patel** (9824223626) or Ext. 8499 (Department of Pharmacology). We remain thankful to all the reporting departments for their kind co-operation.

THANK YOU DONORS

We are humbled by the generosity of our donors and supporters about assisting the GCS Hospital in this challenging time. With your donation and support, together we can make differences in the lives of lacs of patients every year.

Obstetrics & Gynecology

Dr. Haresh Doshi

Professor & HOD - OBGYN

- Took guest lectures on 1) Instrumental delivery & 2) Tips & tricks for cesarean section on 2 Apr'21 at North Zone Yuva FOGSI
- Delivered Guest lecture on "Vaccine in pregnancy" in Apr'21
- Published article in ICOG Campus "Severe Preeclampsia & Eclampsia – Road map to diagnosis & management along with Dr. Kanupriya Singh in May'21
- Conducted Panel discussion on " Difficulties at Cesarean section " At West Zone Yuva FOGSI 29 May'21
- Written chapter on "Cardiac diseases in pregnancy" In Text book of 'High risk pregnancy & Delivery' along with Dr. Amol Agrawal by Jaypee publishers 2nd edition June'21.
- Delivered talk on "Instrumental delivery" in KU Web series Webinar by Bhagalpur ObGyn society on 17 June'21

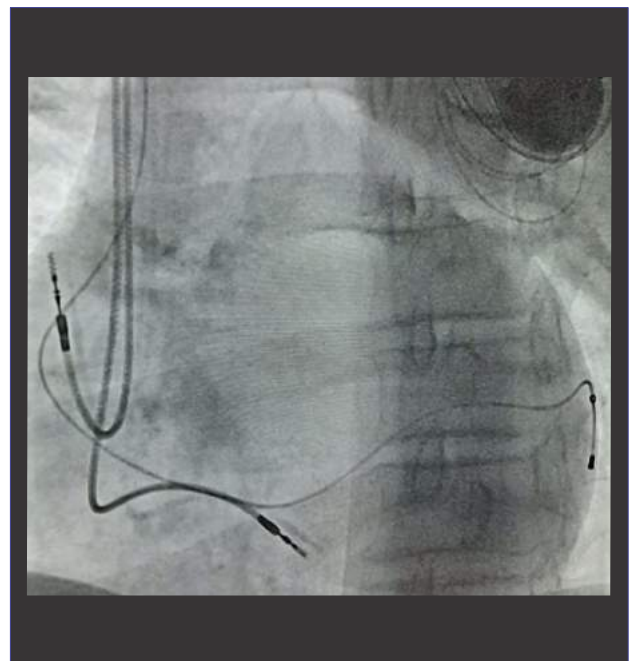

DRDO Dhanvantari organizes Medical Officers training

DRDO Dhanvantari 15 Medical Officers' training was organized at GCSMCH & RC from 11 June'21 to 1 July'21 for 3 weeks for COVID management. Training was imparted in Critical care - Anaesthesia, Paediatrics & Resp. Medicine departments. This training is beneficial for improve knowledge & practice.

Cardiology Department

Lifesaving Primary Angiography in Myocardial Infarction (PAMI) was done at GCS for first time by cardiology team. A multitude of procedures have been done in last months. Many other procedures like Rotablation, Pericardiocentesis, Left main Bifurcation PCI, CRT-P, Pacemaker, Subclavian PTA were done for first time at GCS Hospital. Pediatric cardiology work area has also been initiated. The team is well experienced in pediatric interventions as well. With skills and services offered by cardiology department, the department is now capable of having any elective or emergency cardiac patient.

Facebook live session on Autism spectrum disorders

Dr. Parthana Kharod Patel (Associate Professor, Pediatrics) was invited to discuss important aspects of Autism spectrum disorders in a panel discussion (Facebook live session) on the occasion of World Autism Awareness Day on 2 Apr' 21 along with other eminent speakers Dr. Amola Patel and Dr. Unmesh Upadhyay.

Published the book 'Essentials of Covid 19 for ANAESTHESIOLOGISTS'

GCS Anaesthesia Department has actively contributed to publish the book entitled 'Essentials of COVID19 for ANAESTHESIOLOGISTS.' *Dr. Heena Chhanwal (Professor and Head - GCSMCH), Dr. Amit Kohli (MAMC, New Delhi), Dr. Abhijit Kumar (Sardarjung Hospital, New Delhi)* have contributed as Chief Editors. This book has been written with the intention to serve all Anaesthesia residents for academic purposes who have contributed to untiring dedicated services during this pandemic. This book involves 51 reputed contributing authors from national and international level in 24 chapters and a beautiful comprehension of various aspects of Covid-19 in 300 pages. Moreover GCS Anaesthesia Department *Dr. Heena, Dr. Indu, Dr. Bipin, Dr. Asmita, Dr. Kinjal, Dr. Nayna, Dr. Divya, Dr. Carolin* faculties have contributed as authors in various chapters in this book. The book is available for access at online portals also.

Articles by Anaesthesia department

(1) Title "Effect of Awake Positioning on Outcome of COVID-19 patients on BiPAP ventilator" has been published in International Journal of Anesthesia and Research, on May '21.

Authors: Dr. Carolin Smita Kerketta (Assistant professor); Dr. Heena Chhanwal (Professor & HOD); Dr. Avni Thacker (2nd year resident); Dr. Meshwa Desai (3rd year resident); Dr. Tushar Patel (Professor)

(2) Title "Spontaneous pneumomediastinum and subcutaneous emphysema in patients with COVID-19" in April 2021 in International Soudi journal of Anaesthesia

Authors contribution are Dr. Reema Wadhawa, Dr. Avani Thakkar, Dr. Heena Chhanwal, Dr. Anju Bhalotra, Dr. Yashpal Rana, Dr. Vivek Wadhawa

Book Launch of "Twacha" - Stories of female patients with skin diseases

The book "Twacha - Stories of female patients with skin diseases" has been published to cultivate a positive attitude in the family and society towards skin diseases. Two women have made a special contribution to this endeavor. Dermatologists Dr. Jigna Padhiar (Assistant Professor, GCS Hospital) and Dr. Pooja Agarwal (Assistant Professor, Shardaben Hospital) have been assisted by Senior Dermatologist Dr. Nayan Patel (Associate Professor, GCS Hospital). The Book is launched in both Gujarati & English language, edited by Dr. Milind Tapodhan & Dr. Swanam Gangopadhyay respectively. This book covers short stories which are based on real-life patient incidents which touched the authors over the years. The book was released on 2 June'21 at GCS Hospital.

Activities at Urban Health Training Centre

Activities at Urban Health Training Centre (UHTC)-H P Sadvichar Parivar Eye Hospital, Naroda
From 1 June'21 H P Sadvichar Parivar Eye Hospital, Naroda has been adopted as Urban Health training Centre (UHTC) by GCS Medical College, Ahmedabad. The Community Medicine Department has been actively providing various preventive, diagnostic and therapeutic services at the new UHTC. Apart from the facility based services, the department is also providing outreach services in the form of medical camps and Information, Education and Communication activities in the field practice area of around 1000 families. Departmental Achievements

International Womens Day

International Women's Day is a global day celebrating the social, economic, cultural, and political achievements of women. Significant activity is witnessed worldwide.

This year "Zee 24 kallak" selected women who had remarkable contribution to the community during initial COVID pandemic in 2020 and women's achievements. The program was a live broadcast on Television and relayed all over Gujarat on 8th March 2021.

There was representation from economists, writers, policewomen, Doctors, designers etc. Principle secretary, respected Dr Jayanti Ravi was the chief guest.

Dr. Parijat N. Goswami, professor and Head of Microbiology laboratory was felicitated for "Shakti Mahasanman" 2021 at the ZEE 24 studios on 8TH of March 2021 for being an inspiration to all women and men in the world. She was rewarded with a plaque of appreciation by the famous Gujarati actress Mrs. Mona Theba for her commendable work to start a new laboratory for COVID-19 testing within 24 hrs. This was when there were very few laboratories which had started RT PCR testing in Gujarat. The laboratory was working 24 hrs with handful of staff members. She also participated in creating musical therapy and motivating the patients with yoga asana for COVID-19 patients who were admitted in isolation and wards for their recreation.

Microbiology Laboratory-GCRI Covid Testing During The Pandemic

The COVID-19 pandemic started in April'20 and there were few Microbiology laboratories which were assigned to perform RT-PCR testing for the population and the patients. There was scarcity of laboratories to cater to Government needs. Under the able guidance of the Director, GCRI went ahead to take a lead to establish COVID-19 laboratory overnight.

The QC testing was performed by Dr.Parijat Goswami, which was qualified and passed by NIV, Pune. COVID laboratory a part of Microbiology Laboratory under the active guidance of Dr.Parijat N. Goswami, Professor and Head of Laboratory was working 24 x 7 and contributed to around 17,000 samples from April to October 2020 from districts of Banaskantha, Deesa, Kheda, Mehsana, Palanpur, Sabarkantha.

We restarted again in the second wave of the pandemic of COVID in April'21 and we are continuing with the performance of the test for the samples being received from Kheda district. We have performed around 27,800 samples testing this year. In total we performed around 44,735 samples testing till date.

Designated COVID Care Hospital

During second wave of COVID Pandemic Gujarat Cancer & Research Institute has treated 1139 COVID patients. this great achievement won't be possible without our staff, their teamwork. We want to thank all the staff who worked with their whole heart selflessly.

Installation of oxygen tank

11K litres of liquid oxygen tank was installed on 14 Apr'21 at GCRI.

Departmental Achievements

Oncopathology Lab received NABL Accreditation Certificate

GCRI's Oncopathology laboratories molecular genetics and microbiology laboratory have received NABL accreditation certificate for the year 16 Jun'20 to 15 June'22.

Training: CPR(BCLS) training

CPR (BCLS) training for Doctors and paramedical staff conducted at GCRI, Ahmedabad and same data is published on "The Lifesaver, Official Newsletter of Indian Resuscitation council" in Volume No 1 and issue no 1 May'21.

Orthopaedic Oncology :

News on unique Surgery by Orthopaedic Oncology, Department of Surgical Oncology was published in Rajasthan Patrika paper on 9 Jun'21. Dr. Abhijeet Salunke Orthopaedic Oncosurgeon described this Surgery as Resection of Humerus, Scapula and Clavicle tumor followed by ECRT (Extracorporeal radiotherapy) and Reimplantation of Humerus bone back to its original site. Dr. Shashank Pandya (Director) had given his guidance for performing this rare bone sarcoma surgery.

Achievements of Staffs:

DHR-ICMR (Government of India) young Scientist 2021 fellowship: Ms. Bhoomi V. Tarapara, working as PhD student in Stem Cell Biology Lab-5, Cancer Biology Department, GCRI has been awarded for DHR-ICMR (Government of India) young Scientist 2021 fellowship for the research work in the area of Hereditary Breast and Ovarian Cancer under the guidance of the Dr. Franky D. Shah (SSO & Head, Stem Cell Biology Lab-5). DHR-ICMR fellowships aim to fulfil the objectives of creation of inclination / attitude of research among the young bright students from the medical colleges / universities.

Book Chapter publication:

Dr. Rekha Solanki, Assistant Professor and Dr. Jayshree Thakkar, Professor and HOD, department of Anaesthesiology have contributed as Authors for a chapter titles as "Perioperative Anesthetic Management of Oncosurgeries. During the COVID 19 Pandemic" in the book "Essentials of COVID 19 for Anaesthesiologists" with special thanks to Col. Dr. Sunil Rao (CEO Gujarat Cancer Society, Ahmedabad), Dr. Shashank Pandya (Director, Gujarat Cancer and Research Institute, Ahmedabad) and Dr. Pariseema Dave (Deputy Director, Gujarat Cancer and Research Institute, Ahmedabad).

Invited as International Faculty for Webinar on Orthopedic Oncology: Dr. Abhijeet Salunke

(Orthopedic Oncosurgeon, Department of Surgical Oncology) invited as International Faculty member for Webinar on Orthopaedic Oncology by Egypt Orthopaedic Association in 21 May'21.

Community Oncology Centre, Vasna

Health Check Up : Apr' to Jun'21

269 Health Check up visitors availed the services of Community Oncology Centre for Health Check up & other investigations in last 3 months. Total 140 Mammography were done. Out of which 07 malignant mass lesions were detected.

Exhibition

Total 125 students from Aatma Vallabh School of Nursing, Panchamrut Institute of Nursing, Shrey Institute of Nursing, had educational visit of 'PRAYAS' Cancer exhibition in month of April & May. They also visited Hospice & learnt about Palliative Care.

Services

Home-Visit Services

On demand of patients, paid home visit services are started by team of trained & experienced nurses & doctors. The aim is to reach out to more number of patients.

Special Rooms for Hospice facility

Hospice services are upgraded with provision of 4 special rooms with ultramodern facility. The aim is to provide more comfort to patients & family.

LBC

Liquid base Cytology replaced the conventional Pap test, in routine health check up plans for early diagnosis of carcinoma cervix.
